

~~TOP SECRET~~**SECURITY INFORMATION****DAILY STAFF MEETING**

Tuesday, 30 October 1951

Mr. Reber:

- a. Briefly discussed the Agenda for the next IAC Meeting.
- b. Reported that Management had produced a paper concerning the responsibility for approval of new CIA publications and indicated they believed this could best be handled by his office checking with the end users, the people here who would produce the new publication and our administrative people in order to determine whether such publication would serve a useful purpose.

Mr. [redacted] raised the question of the number of Consultants employed by the Agency, and noted that the Director had asked for a quarterly report to include how these people were being used and if they were productive. After some discussion it was agreed that: (a) DD/A would be responsible for compiling an overall list of Consultants; and (b) AD/IC would furnish the additional information required.

25X1

[redacted] noted that a G-2 report indicated that the USSR would ban export of ten scientific journals and periodicals. This may very well again raise the question of banning export of like U. S. publications to foreign countries.

25X1

Mr. [redacted] reported that the Medical Division has completed a new set of physical standards for CIA employees to include personnel engaged in PM activities.

Mr. Reber raised the question of overt personnel permitting their names and assignments to be published in the various political and scientific journals. Mr. [redacted] noted that the whole problem of CIA security policy was under study.
